

**The Missouri Department of Natural Resources
is attending a**

Public Meeting

Oct. 27, 2016, at 5:30 - 7:30 p.m.

Linwood YMCA

3221 Indiana Ave., Kansas City

**Regarding petroleum contamination associated
with a release from:**

**Zill, LLC Gas Station at 31st and Cleveland
Kansas City**

Representatives from the Missouri Department of Natural Resources will present a summary of information it has collected to date and take questions about the site and its impacts to neighboring properties. The Missouri Department of Health and Senior Services and the Kansas City Health Department will also attend to take questions related to potential health impacts from petroleum exposure.
